 - **Proposed any project/Proposal**
 - **Participated in any other workshop**

Introduction

**LEADERS OF URBAN TRANSPORTATION PLANNING and
PROGRAM**

L U T P BATCH - 2

22nd July 2013 to 16th March 2014

Program learnings

- Opportunity and exposure due to attending the study program at LTA, Singapore and Polytechnic University, Hong Kong.
- Interaction with the transport professionals both domestic as well as international experts has helped to explore critical transport issues such as importance of PT, increase PT share, ITS and its applications, various Strategies to be adopted to increase PT share in Indian context.
- the participation in such program will enable systematic and inclusive learning of multiple facets of urban transport planning and management and provides ability to analyze research and articulate key issues pertaining to urban transport.

Utilisation of experience gained

- Presented the Project before The Commissioner, Directorate of Urban land transport, Govt. of Karnataka and has accepted the same for implementation
- Consultation with The stake holder agencies like BBMP, BMRCL, BMTC etc. Consultation meetings yet to happen
- Discussed the project with MD, BMTC for its implementation
- However, buses started plying on some of the routes within the core area
- Closely working with BBMP Traffic cell to implement some of the proposals of the project

Any projects/proposal

- Taking up preparation of a Master Plan for Gowribidanur Town
- Will incorporate my learning and develop Transportation projects for the town
- Working on decongestion of some more streets by re-routing the Public transport in the CBD area of Bengaluru
- Working on Sub division of Plot/ Land rules which forms a vital part in the process of development of a city , including transportation aspect also

Participated in any other workshop
