**Bid/Contract Reference no:** MoUD F.No. K-14012/6/2013-UT-I

### **Scope of contract:**

There is an increasing recognition that the governance of urban transport is highly fragmented, with several agencies of the government being involved with some aspect or the other and without adequate coordination. This has not allowed urban transport problems to be addressed in a comprehensive and holistic manner. It is in recognition of this that the National Urban Transport Policy recommends to reduce GHF emissions with the help of environmental policies. The modes of transport and their power source will be an important component of any sustainable transport policy.

The objective of this consultancy is to:

- (i) Estimation and assessment of Air quality improvement
- (ii) Estimation and assessment of Noise level reduction and
- (iii) Estimation and assessment of Improvement in the safety.
